

Hello Business Owners,

We will be slowly opening more over the next several weeks. The Long Beach Chamber is working hard to keep businesses informed about all COVID related news including, SBA, PPP, lockdown procedures while promoting all essential businesses.

As part of our road to re-opening and to help encourage your customers to return, we would like to create a video that welcomes back our customers with an uplifting message while providing essential information about new procedures to assure the safety of our customers as well as staff.

We would like for you to record (on your phone HORIZONTALLY) a quick message that you want your customers and fellow business owners to hear. Please see the list below of suggested messages. We will create a promotional video combining all the videos we receive to promote our road to re-opening Long Beach. Be sure to record your video HORIZONTALLY.

The more video clips we get the better this video will be.

Please send all videos to: video@thelongbeachchamber.com by 9PM Wednesday, May 13th.

- We Miss You!
- Thank you for your support!
- Lets be part of the solution... wear your mask
- Don't forget to wear your mask. No Shoes, No Shirt, No Mask, No Service
- We are serving safely (show something you are doing)
- We are here for you.
- We will be here for you
- We are looking forward to this _____ when things start to get back to normal.
- Encouraging words for first responders in the community.
- Encouraging words for other businesses unable to be open during this time.
- Tell us about your Special Offers
