

Threat Mitigation and Emergency Operation Planning

Perrotta Consulting LLC
Nicholas Perrotta - Owner
516-655-1272
perrottae2020@gmail.com

Services:

- Specialized COVID-19 Operating Plans
- Comprehensive Vulnerability Assessments
- Threat Mitigation
- Disaster Planning
- Operating Plans and Training based on the National Disaster Response Framework
- Effective COVID-19 Management Structuring

Experience:

- Over 1,000 hours of research into the COVID-19 Global Pandemic and public and private threat and risk mitigation tailored to this specific crisis.
- Host weekly meetings with all of the private beach clubs in Atlantic Beach and created an overarching plan for how they can safely reopen.
- Partnered with eight beach clubs, Skudin Surf, and Seaside Celebrations to create COVID-19 Operating Plans and consult them on a regular basis on how to continue safely operating amidst changing demands related to the pandemic and government guidelines.

Owner:

My name is Nicholas Perrotta and I am a lifelong resident of Long Beach. My parents have lived in Long Beach for almost 40 years and my father's parents owned West End Produce Market for many years, which he and my uncle ran together. I am completing my Master's Degree from Northeastern University with a degree in Homeland Security and Emergency Management and will be presenting my thesis on Biological Threats and Pandemic Threat Mitigation at the end of June.

Certifications from the Department of Homeland Security and FEMA:

IS-00922 Applications of GIS for Emergency Management
IS-00800 National Response Framework
IS-00700.b National Incident Management System
IS-00230.d Fundamentals of Emergency Management
IS-00200.c Basic Incident Command System for Initial Response
IS-00100.c Incident Command Systems
IS-00042 Social Media in Emergency Management

I would like to help every business and organization in Long Beach retain the trust of their clientele and operate safely and effectively this summer. The threat mitigation advice and operation plans I create are based on the same principles used by major corporations and government entities, but I am making them accessible to local businesses in Long Beach. I hope to partner with as many businesses as possible in the next few weeks and safely return employees to work and customers to your business.

Nick
