

Help Shape the Future of Parking in Long Beach!

Take the survey here

The City is creating a Parking Management Plan to make parking work better for everyone.

We need your voice.

Whether you live in, work in, or visit Long Beach, your input will guide real solutions. Take the survey to tell us about your daily experiences, challenges, and ideas for improving parking.

This survey is part of a state-funded study focused on Long Beach's three main commercial areas, with lessons that will shape parking city-wide. To take the survey, visit www.LongBeachNY.gov/ParkingPlan

**Community workshops are
coming this Fall—but first,
share your feedback online!**
